ANNUAL REPORT

2025-2026

VOICE OF INDIAN COMMUNICATION TECHNOLOGY ENTERPRISES

Registration No. : 329 /2022

Registered Office : PLOT NO 128 1ST FLOOR BLK-C, MANSAROWAR GARDEN, DELHI 110015,

Website : www.voiceofindiancomm.com

Email : rkbhatnagar.dg.voice@gmail.com, Phone : +91 93508 36103

NOTICE OF ANNUAL GENERAL MEETING TO THE MEMBERS

NOTICE IS HEREBY GIVEN THAT THE 04th ANNUAL GENERAL MEETING OF THE MEMBERS OF THE SOCIETY M/S VOICE OF INDIAN COMMUNICATION TECHNOLOGY ENTERPRISES WILL BE HELD ON 12th OCTOBER 2026 AT 5:30 PM THROUGH VIDEO CONFERENCING (VC)/OTHER AUDIO VISUAL MEANS (OVAM) DEEMED TO BE HELD AT THE REGISTERED OFFICE OF THE SOCIETY TO TRANSACT THE FOLLOWING BUSINESS:

AGENDA

1. INAUGURAL ADDRESS BY CHAIRMAN, VOICE
2. REPORT BY DIRECTOR-GENERAL, VOICE
3. PRESENTATION OF ACCOUNTS FOR F.Y: 2025-26
4. APPROVAL OF ACCOUNTS FOR THE F.Y: 2025-26
5. CONSIDER & APPROVE APPOINTMENT OF AUDITORS FOR THE YEAR 2026-27
6. DISCUSSION ON GOVERNING COUNCIL FOR THE YEAR 2026-27
7. DISCUSSION ON EXPERT GROUP FOR THE YEAR 2026-27
8. DISCUSS ANY OTHER MATTER WITH THE PERMISSION OF THE CHAIR.
9. VOTE OF THANKS.

BY ORDER OF THE MANAGING COMMITTEE FOR VOICE OF INDIAN COMMUNICATION TECHNOLOGY ENTERPRISES SD/-

(RAKESH KUMAR BHATNAGAR)

DATE: 12/10/2026

PLACE: DELHI

NOTES:

1. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice.
2. Members attending the AGM through VC or OAVM shall be counted for the purpose of reckoning the quorum. A member is entitled to attend the Meeting through video conferencing and vote at the meeting.
3. If at the meeting, quorum is not present within 15 Minutes from the time appointed for holding meeting, the members present shall be the quorum.
4. Electronic copy of the financial statements for the Financial Year 2025-26 is being sent to all the Members whose e-mail addresses are registered with the Society for communication purposes. In case any Member is desirous of obtaining hard copy of the financial statements for the Financial Year 2025-26 and Notice of the AGM, may send request to the Society's e-mail address at rkbhatnagar.dg.voice@gmail.com
5. Members who have questions or seeking clarifications on the Financial Statements or on the proposals as contained in this Notice are requested to send email to the Society on rkbhatnagar.dg.voice@gmail.com on or before 5:30 PM on Monday, 12/10/2026. This would enable the Society to compile the information and provide the replies at the meeting. The Society will be able to answer only those questions at the meeting which are received in advance as per the above process. The Company will allot time for members to express their views or give comments during the meeting.
6. The Members who wish to speak at the meeting need to register themselves as a speaker by sending an e-mail from their registered e-mail ID mentioning their name and mobile number, on e-mail ID, rkbhatnagar.dg.voice@gmail.com on or before 5:30 PM on Monday, 12/10/2026. Depending on the availability of time, the Society reserves the right to restrict the number of speakers at the meeting.

Voice of Indian Communication Technology Enterprises

VoICE at a Glance in Year 2025 - 2026

The Voice of Indian Communication Technology Enterprises (VoICE) has achieved significant milestones in promoting indigenous technology, rural digital transformation, and supporting the Atma Nirbhar Bharat initiative. The VoICE initiative is recognized as a "game-changer" for the rural Indian economy, aiming for 100%, fully functional, and locally designed technological infrastructure.

Here are the key achievements and initiatives during Year 2025 – 2026:

1. Smart Intelligent Village & Rural Transformation

a) Smart Intelligent Village concept based on ITU-T Y.4218 Recommendation as a follow up on Workshop organised jointly by VoICE and DoT at Pusa Agriculture Institute:

VoICE developed the blueprint and white paper featuring 18-20 integrated use cases (e-health, education, agriculture, surveillance, AI). for development of Smart Intelligent Village and circulated in many States.

b) Maharashtra Leadership Meeting:

A VoICE consortium of 24 domestic startups and SMEs met with Maharashtra's senior leadership, including Chief Minister H.E. Devendra Fadnavis on June 19, 2025, to present the pilot project, which was offered to be developed in a record time of a few weeks and targeted for deployment on 15 August 2025 at no cost to State or Central government.

c) India's First Smart Intelligent Village:

VoICE deployed the nation's first AI-driven "Smart Intelligent Village" at Satnavari, Nagpur rural that was inaugurated by Maharashtra CM H.E. Devendra Fadnavis on 24 August 2025.

d) Technological Integration:

The Satnavari pilot features smart agriculture (IoT soil sensors), AI-powered water monitoring, telemedicine, and digital classrooms.

e) Scaling across Maharashtra:

Following the pilot's success, the Maharashtra government announced plans to develop 10 smart villages in every taluka i.e. 3,580 villages in a phased manner across 358 talukas.

f) High-Level Meetings:

The VoICE team held strategic meetings with Maharashtra CM and then followed up meeting with Deputy CM Ajit Pawar on 13 October 2025 to discuss state-wide scaling and funding of Smart Intelligent Villages in Maharashtra.

g) Smart Village Leadership Award:

VoICE Consortium team members received a "Certificate of Honour" for designing and planning the Satnavari smart village project that was lauded by Maharashtra's top leadership.

h) Budget & Government Engagement:

75 AI Smart Villages: is the first phase of the initiative as included in the state budget for 2026-27 for implementation based on Consortium approach.

i) AI/Drone Initiatives:

The Satnavari project uses AI for many use cases, drones for pesticide & fertiliser spraying, and fire control. Multiple technology options included VSAT, 4G, 5G, Private 5G Networks (CPN) in support of use cases with Bharat net Bandwidth being the main support line for the pilot project.

2. Atma Nirbhar Bharat & Indigenous Initiatives

a) Consortium Based Approach

VoICE has supported domestic design-led telecom players to reduce dependency on foreign technologies, supporting the Make in India initiative.

b) India as a Product Nation

VoICE focuses on developing indigenous, deep-tech solutions (AI, IoT, 5G, Drones) to make India a product nation, not just a service-oriented one.

c) CPNN Networks

VoICE is actively promoting Commercial Non-Public Networks (CPNN) for private 5G enterprise use cases like smart factories, mines, and public safety.

d) Drone Integration:

Consortium players are implementing drones for precision agriculture and pesticide/fertilizer spraying and supporting fully designed domestic Drones for Defence requirements.

e) Indigenous 4G Deployment:

Tejas Networks in partnership with TCS and CDoT design and domestic R&D efforts, has installed 1,00,000 4G sites in the BSNL Network.

f) Indigenous 5G Development

VoICE members focus on domestic designs, R&D and then manufacturing covering 5G Radio, Core, and other network support systems. That has helped in reducing dependence on foreign vendors. VoICE teams with 15+ startups and other companies including Ignitron, Lekha Wireless, Niral Networks, Coral Telecom, Resonous, Galore and many more are ready to challenge global players in 5G CPNN market segment. Market Access and Spectrum are some bottlenecks.

g) Indian 5G Stack:

15+ VoICE players with their domestic R&D and using the consortium approach have showcased that a full stack of domestic design-led 5G products can be available to meet national and global requirements. Two of the players have already received BSNL orders for 5G in National Capital Region covering around 2900 sites through VoICE members Galore and Lekha Wireless. Some are working on 5G CPNN solutions including on Mining sector.

3. Policy Support, Awards, and Industry Recognition

a) Pandit Deendayal Upadhyaya Telecom Excellence Award 2024:

Niral Networks, CDoT, Saankhya Labs (Tejas Networks), member companies of VoICE, were honored with the Year 2024 Award for contributing to India's digital transformation and awards were presented by Telecom Minister Sh. Jyotiraditya M. Scindia during the IMC2025 launch function.

b) IMC Participation, Contribution:

VoICE members were active participants in the India Mobile Congress (IMC), which showcased cutting-edge 5G and AI use cases, Smart Intelligent Village, Industry 4.0, and many more telecom innovative solutions developed by VoICE players through their R&D and other initiatives.

c) Task Forces & Policy Work:

VoICE acts as an industry association engaging in policy reforms to empower Indian tech enterprises.

d) RDI Policy Support:

VoICE provided required support on the Research, Development, and Innovation (RDI) Scheme of Rs. 1 lakh Crore announced by the Government. DG, VoICE was part of advocacy for the policy reforms formulation that will enable local design-led private players to be better prepared for competing globally. Three VoICE members have already submitted their RDI proposals to the Government. /

4. Global and Specialized Engagement

a) ITU Contribution:

The Smart Intelligent Village project is tailored to meet international ITU (International Telecommunication Union) expectations for rural connectivity based on ITU-T Recommendation Y.4218.

b) International Collaborations:

VoICE is aligning its technology roadmap with global players including those from European bodies like European Space Agency, EU, UK.

c) MWC Barcelona:

Some of the VoICE members participated in global events like Mobile World Congress (MWC) Barcelona to showcase Indian design capabilities.

d) Smart Village Solutions into Samridh Gram

Smart Village solutions from VoICE can provide support to the Department of Telecommunications (DoT) on Smart Samridh Gram projects initiative, which leverages for rural innovation in agriculture, education, and healthcare.

5. Role of Director General of VoICE

As Director General of VoICE, Shri Rakesh Kumar Bhatnagar has been a central figure in aligning India's domestic telecom ecosystem with global standards and national 5G goals. His leadership has facilitated critical partnerships with government R&D bodies and international standardisation organisations.

a) Key Contributions & Global Standards

i. ITU SG20 & International Contributions: Bhatnagar has been an invited expert at the International Telecommunication Union (ITU) Study Group 20 (SG20), which focuses on IoT, smart cities, and communities.

ii. IEEE Event Presence: He recently delivered a keynote titled "Challenge Globally... Solve Locally! Smart Intelligent Villages for Global Rural Economy" at the IEEE Connecting the Unconnected (CTU) Summit (late 2025), highlighting the global scalability of the VoICE smart village model.

iii. Standardisation (TSDSI): He plays a significant role in working with the Telecommunications Standards Development Society, India (TSDSI) to harmonise Indian requirements with global 3GPP and ITU standards, ensuring "Make in India" products are globally compatible and an MoU is work in progress.

b) Strategic Partnerships & MoUs

i. MoU with C-DOT: Under his leadership, VoICE maintains a close strategic relationship with the Centre for Development of Telematics (C-DOT) on Smart Intelligent Villages and supporting collaboration on indigenous 4G/5G stacks and promoting domestic IPR in advanced telecom equipment.

ii. Bharat 6G Alliance (B6GA): Mr. Bhatnagar is currently finalizing an MoU between VoICE and Bharat 6G Alliance. This partnership aims to synergize efforts between domestic startups and the national 6G vision to ensure India leads in 6G patents and products.

iii. Government Advisory: As a former Advisor (Technology) to the Department of Telecommunications (DoT), he continues to bridge the gap between private domestic enterprises and the Ministry of Communications (MOC) and other ministries & PSUs in providing technical roadmaps for domestic design led digital transformation.

Sir/Madam,
Sub : Allotment of Tax Deduction Account Number (TAN)
as per the Income Tax Act, 1961.

Kindly refer to your application (Form 49B) dated Oct 07, 2022 for the allotment of Tax Deduction Account Number. In this connection, the following TAN has been issued to you/your organisation:

DELV25601C

Please quote the same in all TDS challans, TDS Certificates, TDS returns, Tax Collection at Source (TCS) returns as well as other documents pertaining to such transactions.

Quoting of TAN on all TDS returns and challans for payment of TDS is necessary to ensure credit of TDS paid by you and faster processing of TDS returns.

The above TAN should also be used as Tax Collections at Source Account Number under section 206CA.

Kindly note that it is mandatory to quote TAN while furnishing TDS returns, including e-TDS returns. e-TDS returns will not be accepted if TAN is not quoted.

This supersedes all the Tax Deduction / Collection Account Number, allotted to you earlier.

Income Tax Department

This is a computer-generated letter. Hence, signature is not required.

Caution : Income Tax Department does not send e-mails regarding refunds and does not seek any taxpayer information like user name, password, details of ATM, bank accounts, credit cards, etc. Taxpayers are advised not to part with such information on the basis of emails.

Independent Auditor's Report

To,
The Members
Voice Of Indian Communication
Technology Enterprises (VOICE)
Plot No 128 1st Floor BLK-C
Mansarowar Garden, Delhi 110015

Report on the Financial Statements

We have audited the accompanying financial statements of Voice Of Indian Communication Technology Enterprises ("the society"), which comprise the Balance Sheet as at 31 March 2026, and the Statement of Income and Expenditure for the period then ended.

Management's Responsibility for the Financial Statements

The Management of society is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance in accordance with the accounting principles generally accepted in India. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the society and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Society Act, the accounting and auditing standards issued by ICAI and matters which are required to be included in the audit report under the provisions of the above Act and the Rules made thereunder. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the society preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also

includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- a) in the case of the Balance Sheet, of the state of affairs of the Society as at **March 31, 2026;**
- b) in the case of the Income and Expenditure Accounts, of the Excess of Expenditure Over Income for the year ended on that date; and

we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion proper books of account as required by law have been kept by the Society so far as it appears from our examination of those books.
- c) The Balance Sheet and the Statement of Income and Expenditure Account dealt with by this Report are in agreement with the books of account.

VOICE OF INDIAN COMMUNICATION TECHNOLOGY ENTERPRISES

Notes forming part of the Financial Statements for the year ended, 31st March, 2026

Note - 1 Brief about the entity

"VOICE OF INDIAN COMMUNICATION TECHNOLOGY ENTERPRISES is a registered Society vide Registration No # 329/2022 Dated 6Th May 2022 with Registrar of Society Govt. of NCT of Delhi having main object "Atma Nirbharta in Communication Technologies "Fostering the development of India Digital Communication Technology [DCT] ecosystem through consolidated efforts of home-grown enterprises with enhanced facilitation for Start-ups / Small and Medium Enterprises [SMEs]

1. Foster R&D Culture and encourage design ownership.
2. Enable the development, commercialization, and deployment of Indian Digital Communications Technology (DCT) products
3. Facilitate creations, promotion, protection & monetization of India Intellectual Property (IP)
4. Facilitate identification of such IPs (Including Indian IPs) that qualifies as a Standard Essential Patent (SEP) under appropriate SDO terms, and where required, provide assistance sought by a member, for proper disclosure and licensing of SEPs on FRAND terms
5. Explore collaborative opportunities with the government and its R&D institutions, laboratories for product development & commercialization including encouraging the co-creation and of joint development of IP.
6. Pro-actively participate in various consultative processes (including PPP- MII) by concerned ministries / departments on policy decisions, regulations and also to assist all concerned authorities through provision of requisite industry information to enable formulation of suitable policies and regulations.
7. Make policy interventions on various schemes / decisions / initiatives, as and when deemed necessary to take forward the spirit of Atmanirbharta Bharat.
8. Flag the issues/grievances of membership to the concerned ministries/departments/ forums.
9. Receive and catalogue information on Products / Solutions R&D roadmaps from Members on a voluntary basis and share this information with the government for furtherance of collaborative opportunities within Members and with the Government / PSU / Academia to develop end to end integrated solutions.
10. Promote Design led local manufacturing and encourage procurement of locally designed & manufactured components / subsystems.
11. Enable Market access for Indian products/ solutions and identifications of commercial market and strategic market (Critical Infrastructure) requirements.
12. Give special emphasis to domestic design and development of products involved with cyber and enhanced telecom/ DoT Security.
13. Seek Industry and Government support to facilitate the development of local Testing & Certifications Ecosystem for hardening of indigenous products/solutions and also to meet the National /International standards through financial and infrastructure support.
14. Support Field trials / pilots for technology demonstrations especially through Universal Service Obligations Funds (USOF) and the USOF pilot project schemes.
15. Organize and participated in seminars, conferences, fairs related to the objects of the Society and to compile, collate, edit and publish technical reports and papers related to the objects of the Society."
- "16. Enter any arrangements with Government [s]. International Bodies of Authorities to forward and strengthen the objects of the Society.
17. Provide a platform for participations of all domestic market players, experts, financial market intermediaries and other stakeholders for identifying issues, potential failure risks and areas for development in the local DCT ecosystem.
18. Proactively participate in Standardization activities in collaboration with TSDSI/TEC/BIS/DOT etc. and to continuously improve the competitiveness of the Member Ecosystem to develop world class telecom infrastructure and deliver the benefits of affordable digital services to national and international markets to achieve the SDGs.
19. Identify and support the needs of skill development in the DCT ecosystem.
20. Collaborate with academia, centre of Excellences, test beds, state government departments & institutions and certification labs etc. for the member Ecosystem.
21. Create a hub for exchange of ideas and co- creations of technologies and solutions with Indian expertise, and act as a virtual system integrator for orchestrating end to end solutions.
22. Facilitate the mechanisms that assure market access for the members in certain key technology areas and critical infrastructure domains with the purpose to incubate local design, content and self-reliance.
23. Actively pursue the use of Indian Digital Communication Technology / Products / Solutions by Indian Communications Service Providers
24. Continuously strive towards improving the standards and competitiveness of the Member Ecosystem and to attain the status of the world class infrastructure and deliver the benefits of affordable services to national and international markets.
25. Identify the needs of skill development in the Member Ecosystem including taking steps to prepare catalogue of types of skills, range, and depth of skills to facilitate choice to individuals.
26. On voluntary basis, receive and catalogue the existing IP products, solutions, service, skills, competencies etc. within member companies, establish standards compliances and qualifications by Members companies as per national and international standards / norms / testing / endorse companies which have the requisite capabilities to ease and assist competent selections of companies and their products/ solutions / services in government and non -government tenders and RFPs.
27. To encourage and facilitate the inter - operability and end to end integration testing across members, technology, industry, and solution domains with the intention to catalogue and inform the beneficiaries of the products and solutions that exist integrate and comply to certain domestic and international standards and are able to work together in the defines end to end use cases.
28. In order to achieve the above said objective, develop a process of peer reviews for standardized and interoperable products from amongst the Member Ecosystem thereby facilitating the development of collaborative agile, robust and stringent certification and accreditation process.
29. To become a member of any association/organizations, as and when needed to take forward the objectives of VOICE."
